

The list of designated medical institutions whose guidance is available in English as of April 1, 2026

Please book both your health checkup and cancer screenings at the same medical institution. However, for stomach cancer screening, you may visit a different designated medical institution if your checkup facility does not offer this service. Please make an appointment with the medical institution in advance.

The contents are subject to change. For details, please contact your medical institution.

English Level

- ◎ Fluent in English
- Fluent in conversational English
- △ Not fluent in English but able to communicate using illustrations and the word lists
